MEASUREMENTS FOR SPINDLE LINER MANUFACTURING

Machine: _____ Model: _____ Year _____

Type: _____ S/N: _____

Work Cell name: _____ Work Center number: _____

A. Length of spindle liner without flange _____

B. Flange width _____

C. Flange intake length _____

D. Spindle Bore diameter _____

E. Flange intake diameter _____

X. Flange extension length (optional as required for barfeeder/loader system) _____

F. Flange extension diameter (optional as required for barfeeder/loader system) _____

G. Flange diameter _____

H. Bolt Hole Circle diameter (flange to spindle fastening bolts) _____

d. Bolt Thread on spindle _____ Bolt Length _____

Q. Quantity of bolt bores _____

Specify 5 Bar stock sizes to customize spindle liners:

Size 1: _____ Size 2: _____ Size 3: _____ Size 4: _____ Size 5: _____
